ALLERGEN GUIDE

This information is applicable as of 9/15/26

AN IMPORTANT NOTE TO OUR GUESTS

Whether you're craving a traditional breakfast, fresh salad or homestyle favorite, we like to think there's something for everyone at Cracker Barrel Old Country Store®. Knowing that some of our guests may have specific dietary needs, we've crafted a variety of dishes to make sure that everyone at the table can enjoy a delicious meal that's right for them.

The information provided in this guide is based upon ingredient statements provided to us by our suppliers and highlights which menu items are prepared without allergen containing ingredients. Our normal kitchen operations involve shared preparation and cooking areas, including common fryer oil; therefore, cross-contact of all our menu items is possible. We have identified menu items cooked in our fryer or on our grill that may come in contact with **ALL** allergens and are marked with a **"Y."** **Fried and Grilled items should NOT be consumed if you have a food allergy. We cannot guarantee that the menu items listed are completely free of allergens.** Regarding gluten, menu items that do not contain gluten does not necessarily meet the definition of "gluten-free" for those who are highly sensitive. **We recommend our guests with food allergies speak with the restaurant manager prior to placing an order, to make the kitchen aware of your needs.**
